

# LINH PHAN

Brooklyn, NY • phanthuclinh@gmail.com • linkedin.com/in/linhphan01

Accomplished software engineer with experience building production-ready web and mobile applications, focused on delivering high-quality solutions through customer obsession and craftsmanship. Proven track record of driving outcomes through technical leadership and cross-functional collaboration.

## PROFESSIONAL EXPERIENCE

---

### BREX

New York, NY

#### Software Engineer (mobile, web)

2021-2024

- Spearheaded the revamp and scaling of Brex's mobile application as an early engineer, and contributed to securing enterprise deals like Coinbase and DoorDash
- Developed and delivered critical customer compliance features, demonstrating deep customer understanding and attention to detail for 20,000+ customers
- Improved system stability and reliability from 95% to 99% through performance monitoring, testing, and implementing service level objectives
- Independently drove cross-team initiatives and customer research to identify opportunities and deliver technical improvements
- Presented technical project launches to 500+ colleagues to foster knowledge sharing and learning

### CLIO

Vancouver, Canada

#### Software Engineer (mobile)

2018-2020

- Led development and redesign of Clio's mobile application through intensive customer feedback cycles, improving app store rating from 2.7 to 4.7 for 150,000+ customers
- Built and launched Clio for Clients, a mobile app used by over 600,000 lawyer's clients, opening a new market opportunity and solidifying Clio's position as a legal tech leader
- Implemented critical user experience improvements based on customer research and analytics data, achieving a 95%+ satisfaction score and establishing product-market fit metrics for company-wide adoption
